COSTUME CHARACTER SHOWMANSHIP

"Take a lesson from me... it's as easy as:

A. *Entertain and include our guests in creating that magical ambience through an imaginative performance.*

B. *Uphold the integrity and fun of our character personalities and trademarks. ("I'm countin' on ya")*

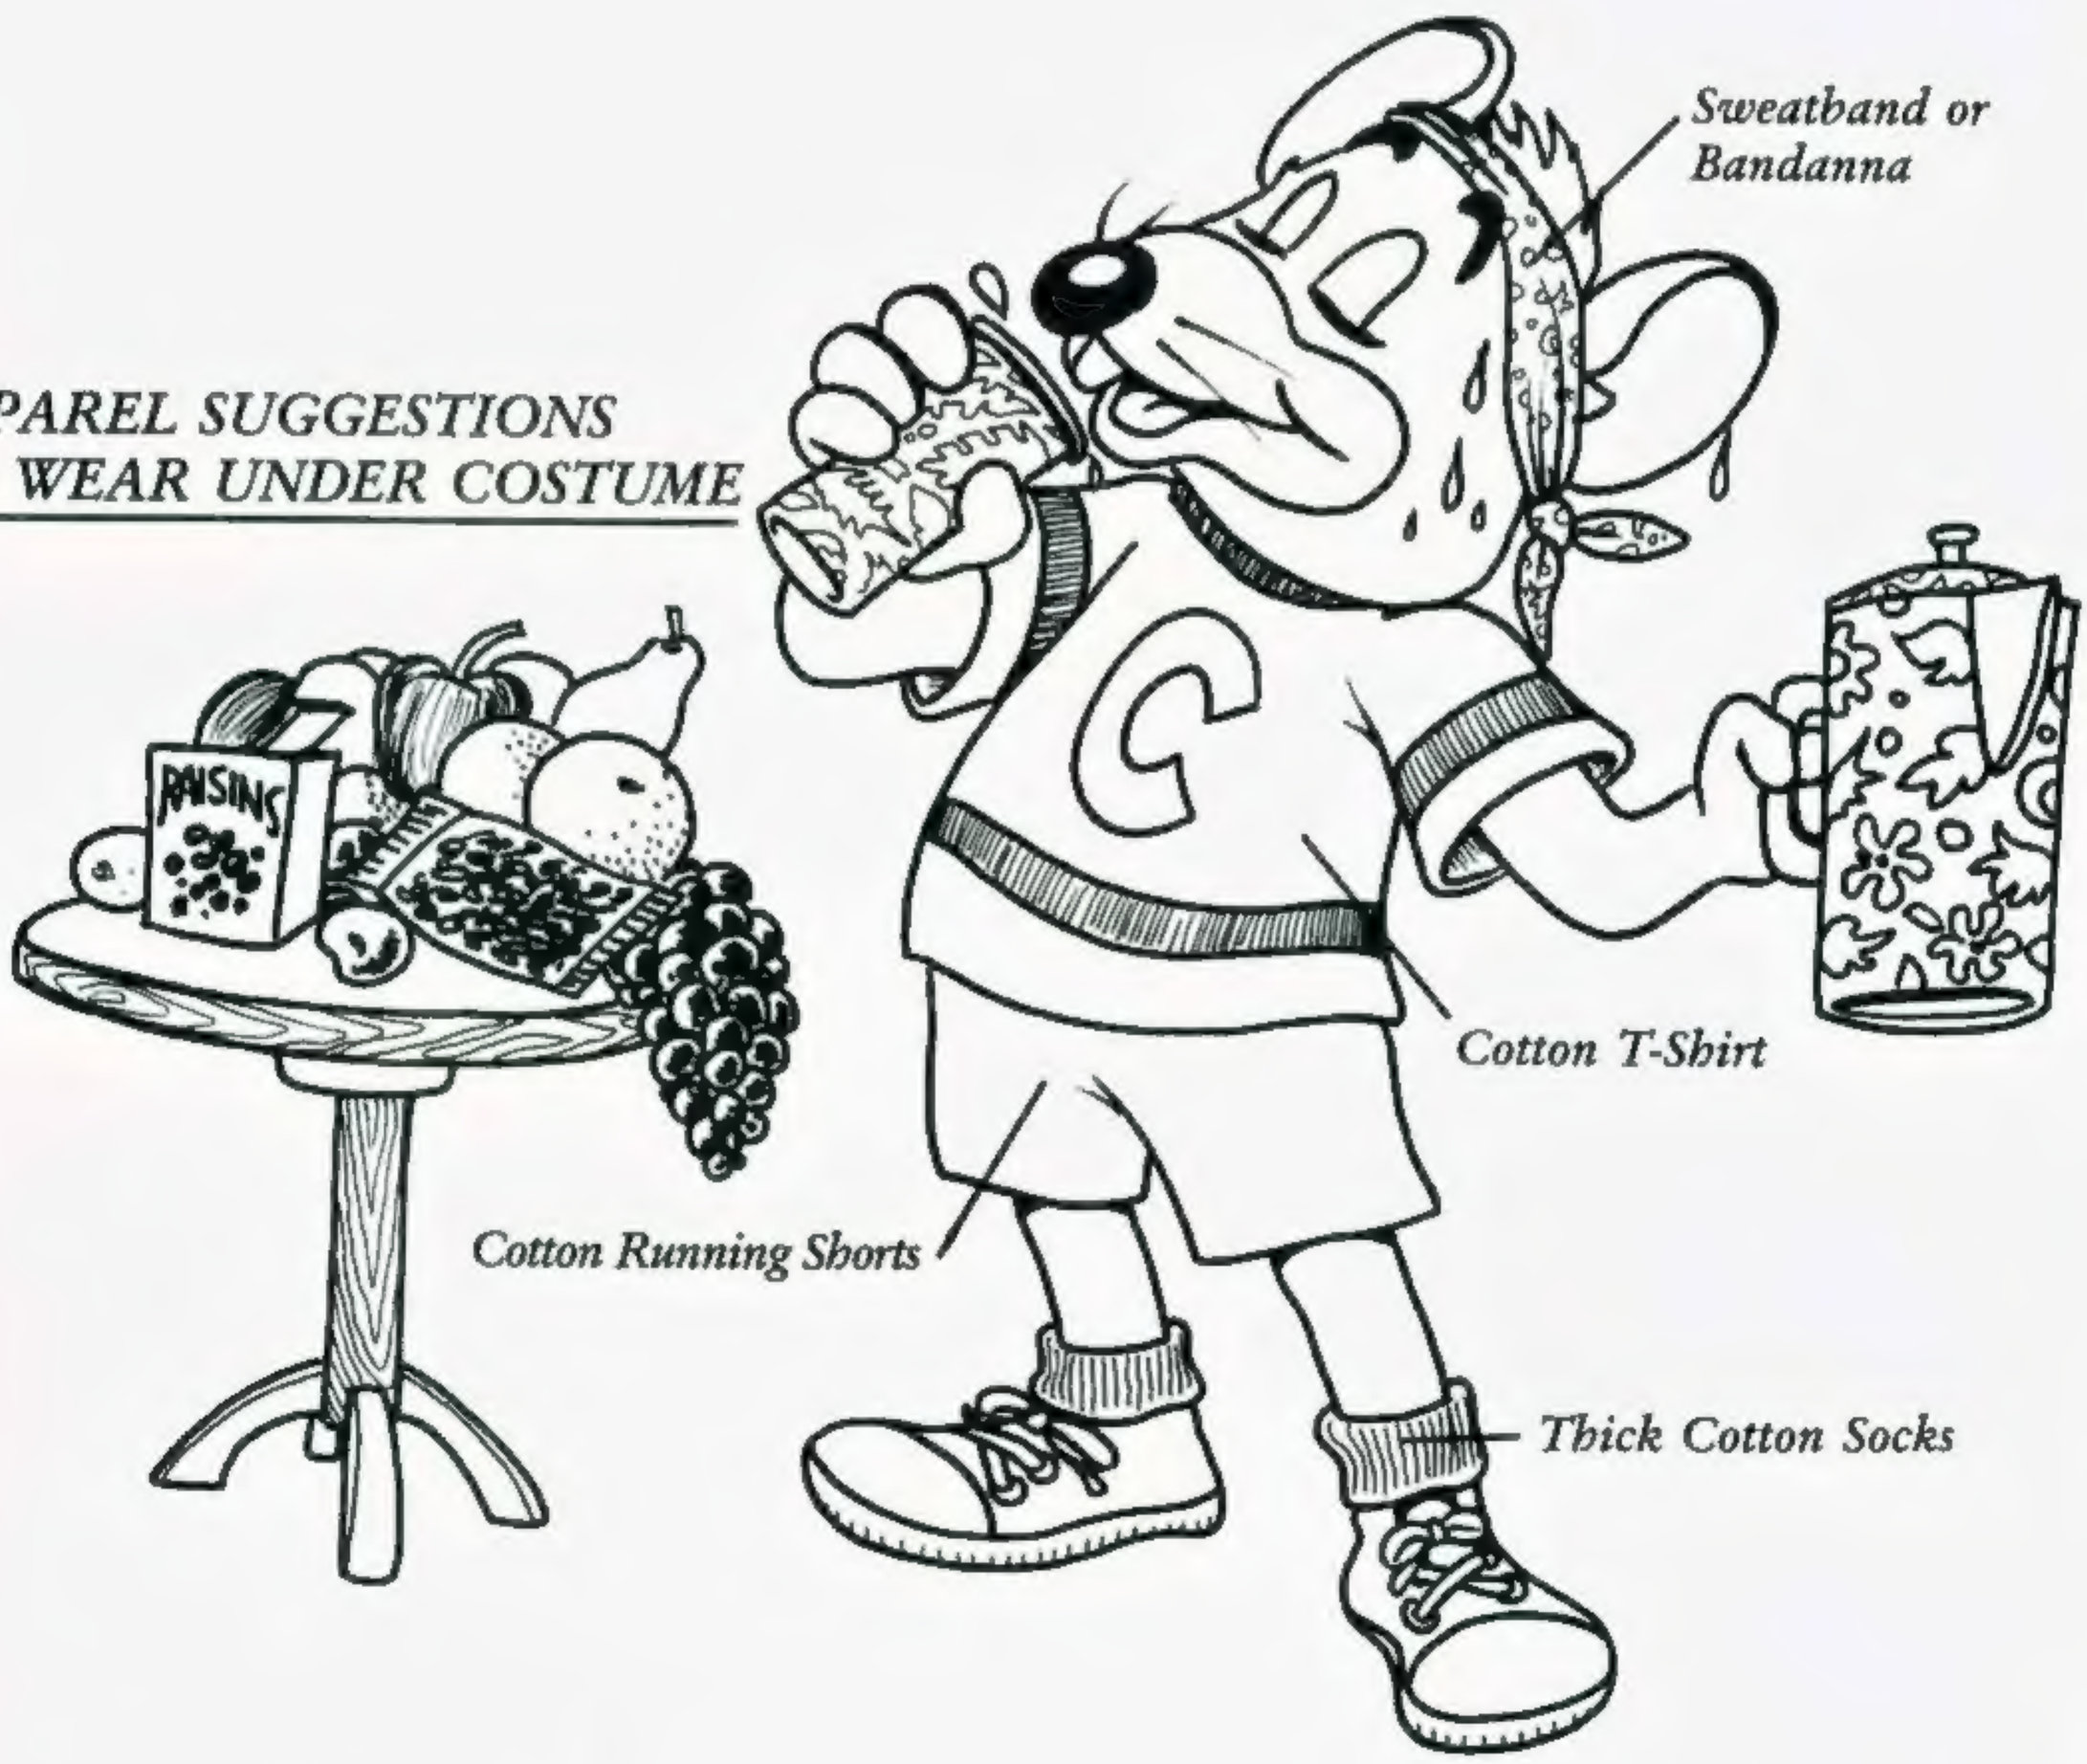
C. *Put your heart into it.*

MAINTAIN YOURSELF, TOO...

"We recognize the importance of keepin' healthy. Let's warm up before a performance with some muscle stretches and jumpin' jacks and cool down afterward by walking in step for a couple a minutes. Refuel with some of my favorites:"

Foods	*Drinks*
Raisins	*Water*
Sunflower Seeds	*Apple Juice*
Fresh Fruit	*Orange Juice*

APPAREL SUGGESTIONS TO WEAR UNDER COSTUME



NOW - ON WITH THE SHOW!

Each and every guest receives one-of-a-kind special attention at Chuck E. Cheese's. Appearance once an hour.

Full costume attire (refer to costume application section).

Dress/undress and prepare for each performance in the designated costume room (to carry the magic of the costume, your true identity needs to remain a secret).

Think safety.

Chuckettes (escorts) are beneficial in assuring a controlled character appearance. They will be able to clear the way for you and assist small children. The Chuckettes can also field any questions directed toward the character. The characters are licensed trademarks and have their own style. Voice and signature applications require approval from ShowBiz Pizza Time, Inc.

Top level costume maintenance. Be sure to replace damaged and missing parts (refer to maintenance section).

"The Chuck E. costume code for TIME OUT will notify employees and Chuckettes you need assistance."

The minute you put on a costume, you become that character. Take a minute and feel how the costume moves when you do. Every gesture you make is enhanced by the costume. You BECOME the character. Next, let's review a little about each character.

CHUCK E. CHEESE - An East Coast Rodent

As the star and spokesman, Chuck E. Cheese is characterized by his energetic, fast talking and enthusiastic personality. A projected self-confidence gives him the recognition and distinction he deserves. He has an entrepreneurial attitude that won't quit, and he continually seeks and embraces new challenges. Above all, Chuck E. is the champion of kids. Their happiness is his primary concern and he spares no efforts to entertain them.

PASQUALLY - The Chef

Pasqually is definitely a ham and does not take matters or life in general, too seriously. Musically, Pasqually's role in the band is keeping a steady beat with the drums and lending his operatic voice to the rock-n-roll forte of Munch's Make Believe Band.

MR. MUNCH - A friendly Purple Monster

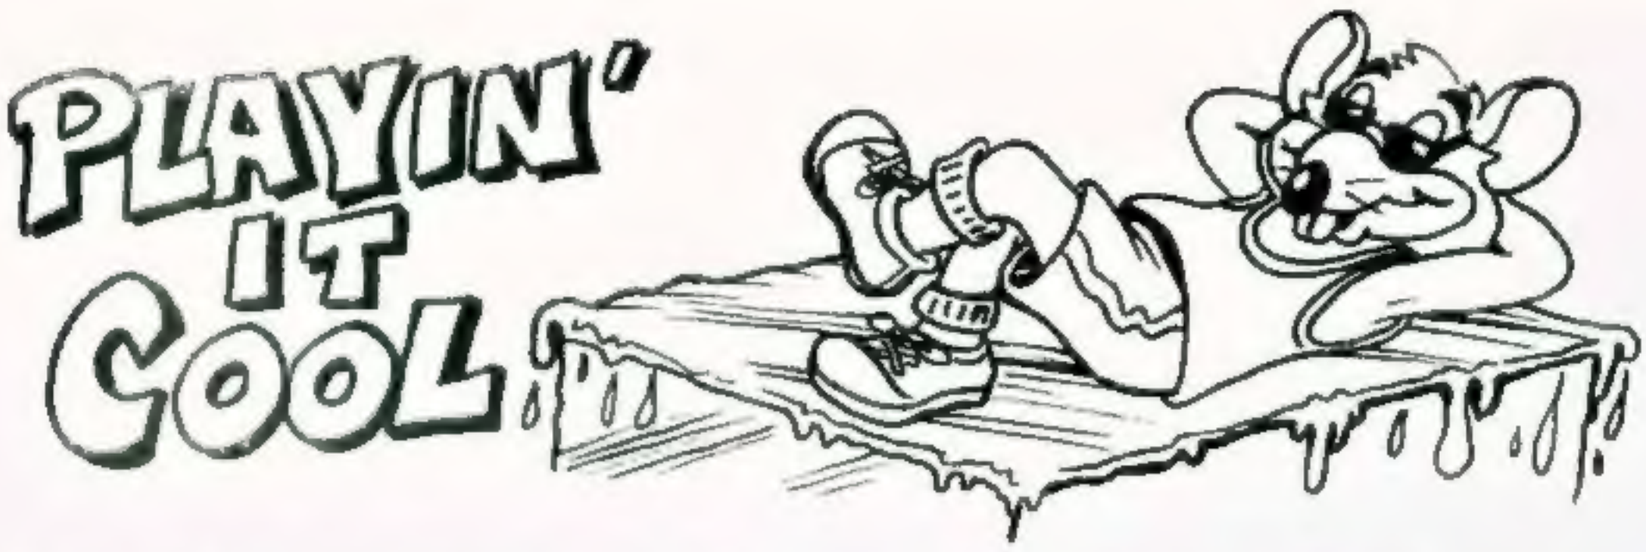
Mr. Munch is the leader of the band and Key Boardist. Although he goes by Mister, he is certainly the kid of the group. He lives to eat, have fun and create mischief.

JASPER T. JOWLS - A Loyal Hound Dog

Jasper can be identified as a "concrete cowboy." He is friendly, trustworthy, honest and true blue. As the lead guitarist of the band, Jasper adds the "driving edge" sound, offering a variety of musical styles from his guitar and vocal capabilities. As a true showman, Jasper knows when and how to give that extra something in a performance to satisfy an audience.

HELEN HENNY - A Spunky Young Chicken

As the only female of the group, Helen Henny has an important role to fulfill. Her talent speaks for itself; as a singer with a rich and dynamic voice. Just as smart as she is cute, she prides herself in keeping up with current events, social issues, politics and, of course, the latest fads.



This cooling vest is designed especially for Chuck E. Cheese's costume use and should be worn UNDER the fat suit with Chuck E. Cheese, Pasqually and Munch costumes and ALONE with the Helen and Jasper costumes.

Adjustable: (4) areas
Back Velcro - Adjusts torso width
Side Velcro - Adjusts torso depth
Waist Buckles - Adjusts torso circumference
Shoulder Buckles - Adjusts torso length

For maximum cooling you'll want a close fit. Size accommodates from women's size 7 to men's size 48.

COOLING MODULES

There are 9 cooling modules which velcro in and out of the vest. You will have a spare set of 9 modules which can be kept cooling while the other set is being used. Keep alternating so there is always a cold set available for installation. Approximate module installation time is two minutes.

STORAGE CASE

You may want to store the modules in the insulated bag provided. After the modules and bag are frozen, the bag will keep the modules frozen for up to 24 hours.

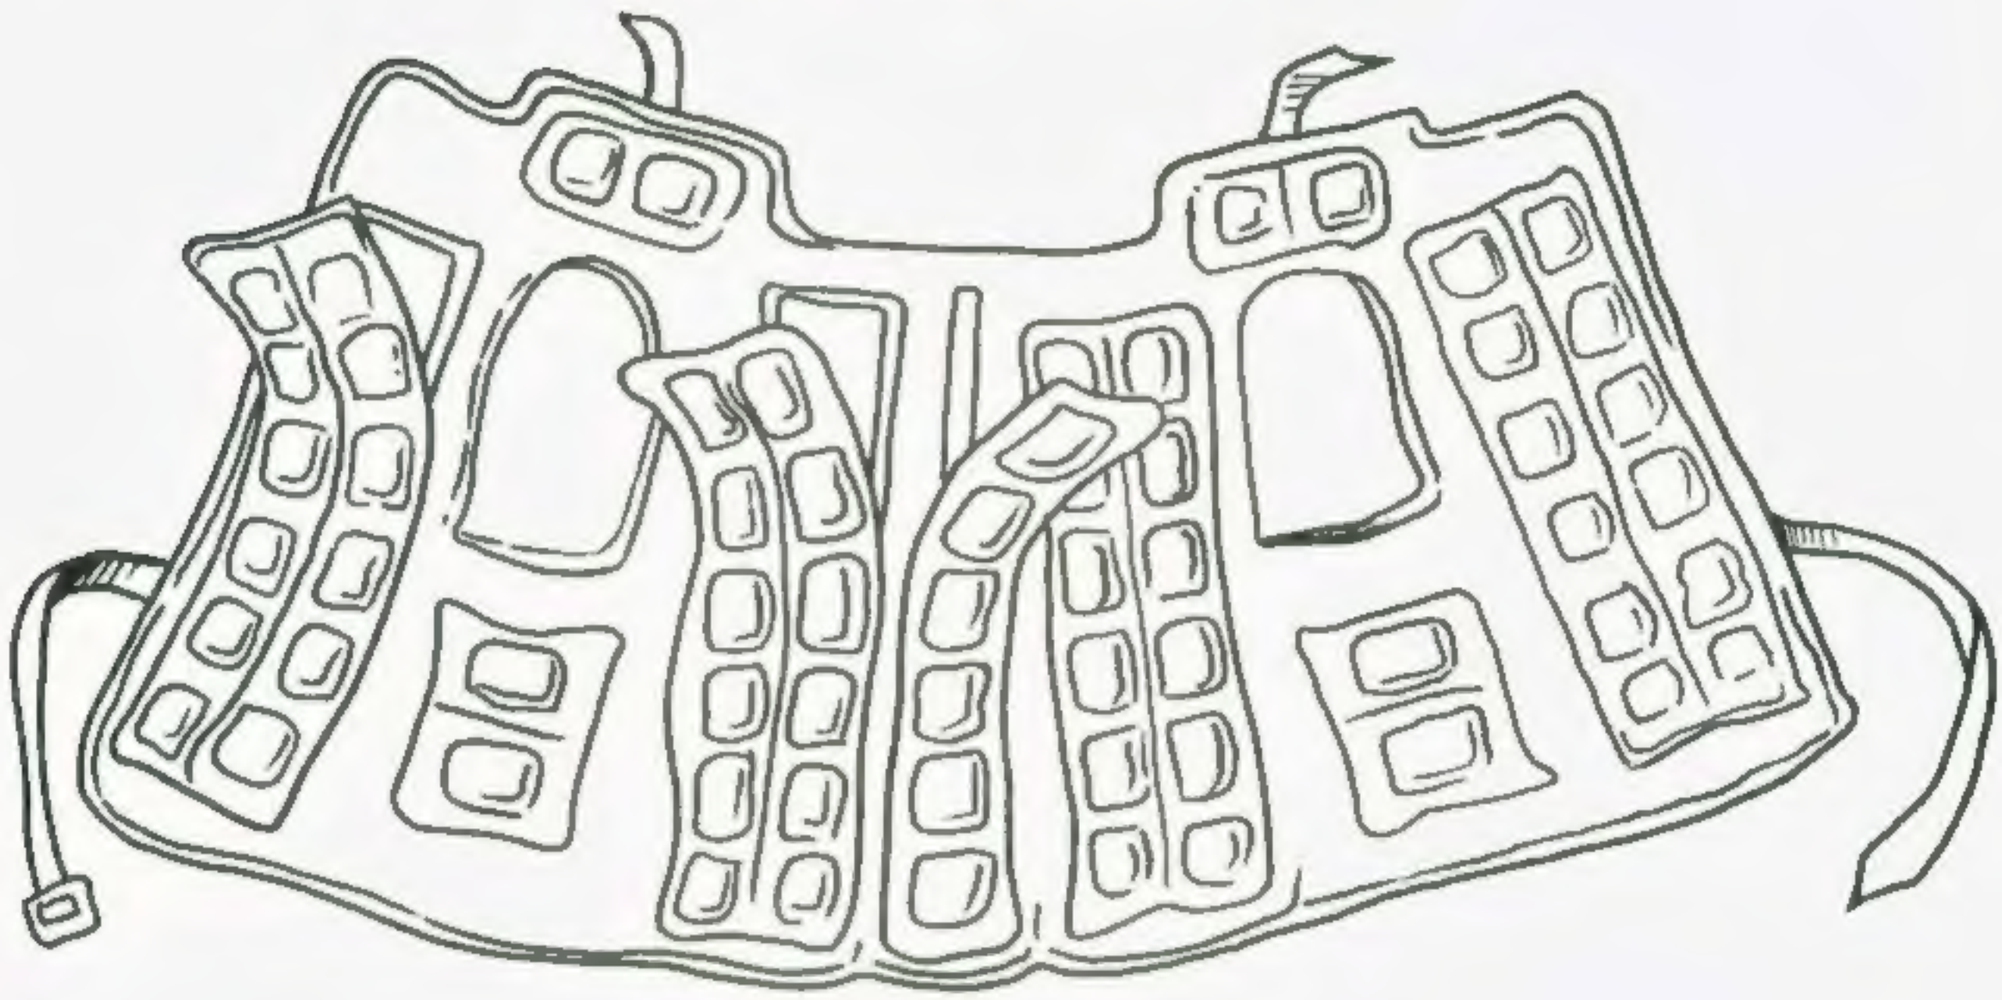
ADDITIONAL FEATURES

Also included in the set are cooling systems for critical thermal body points:

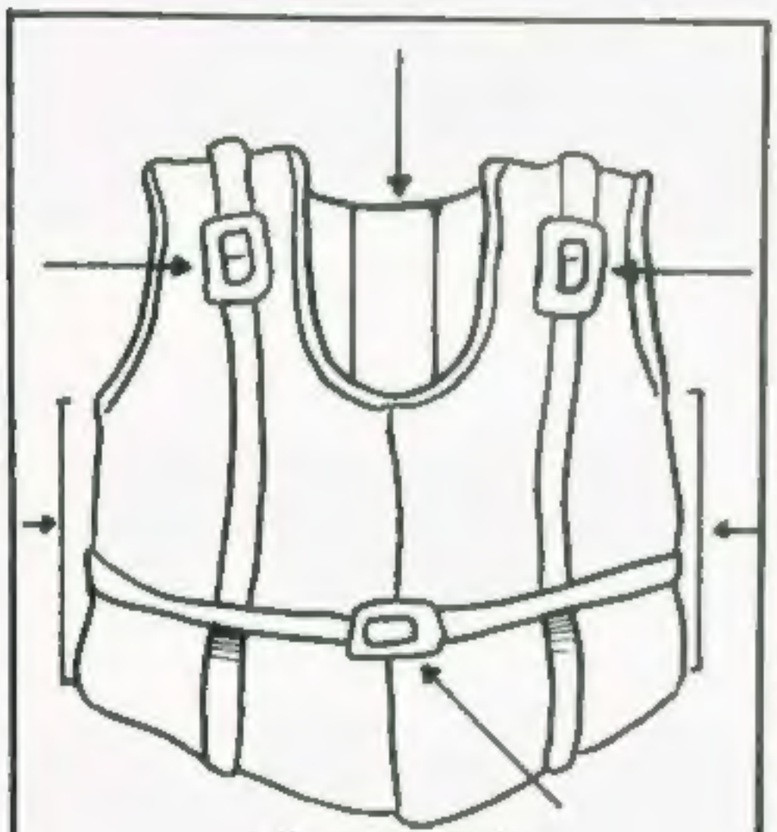
One (1) each Neck Collar - velcro adjustment closures

Two (2) each Ankle Coolers - velcro adjustment closures

COOL VEST
FAT SUIT



COOLING MODULE (9)
REPLACEMENT



Adjustment Points
Shoulder, Sides & Center Back

Without Fat Suit for Helen
and Jasper Costumes

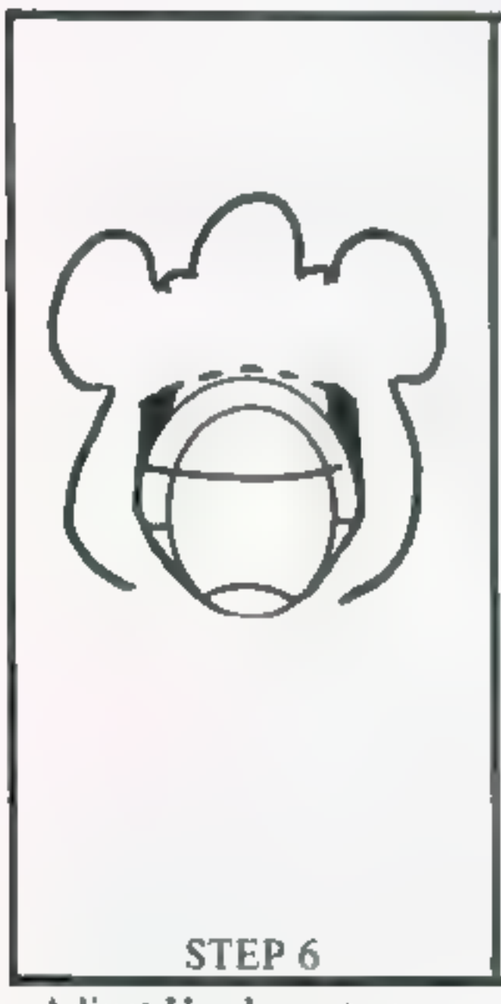
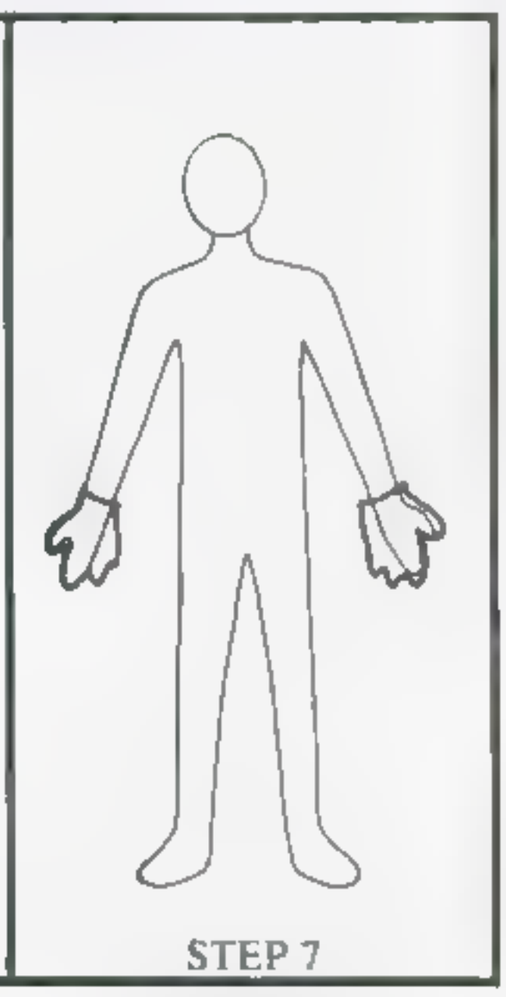
Slide foot in, adjust
Velcro straps for fit,
reclose back snaps



STEP 6

Adjust Headgear to your
fit and secure on your
head. See Headgear section
for details



STEP 7

Fur Hands

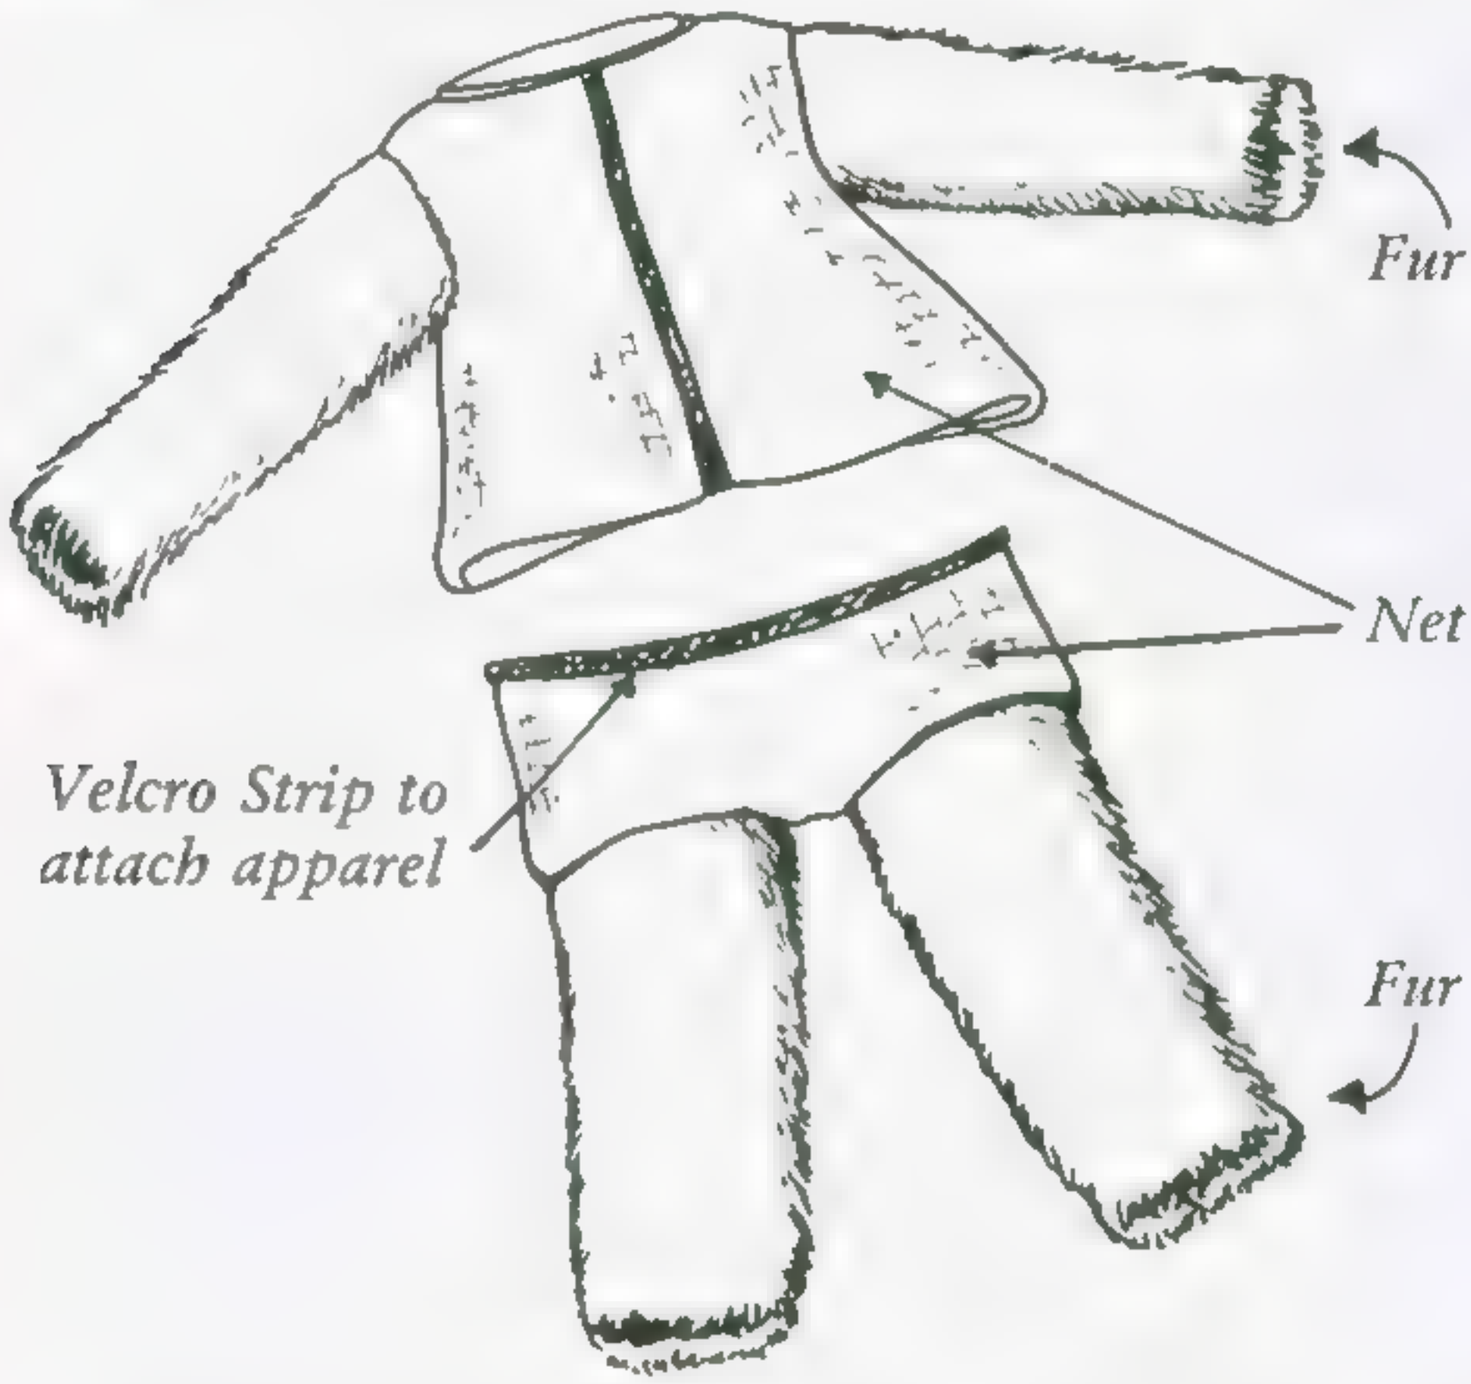
SPORTS OUTFIT -

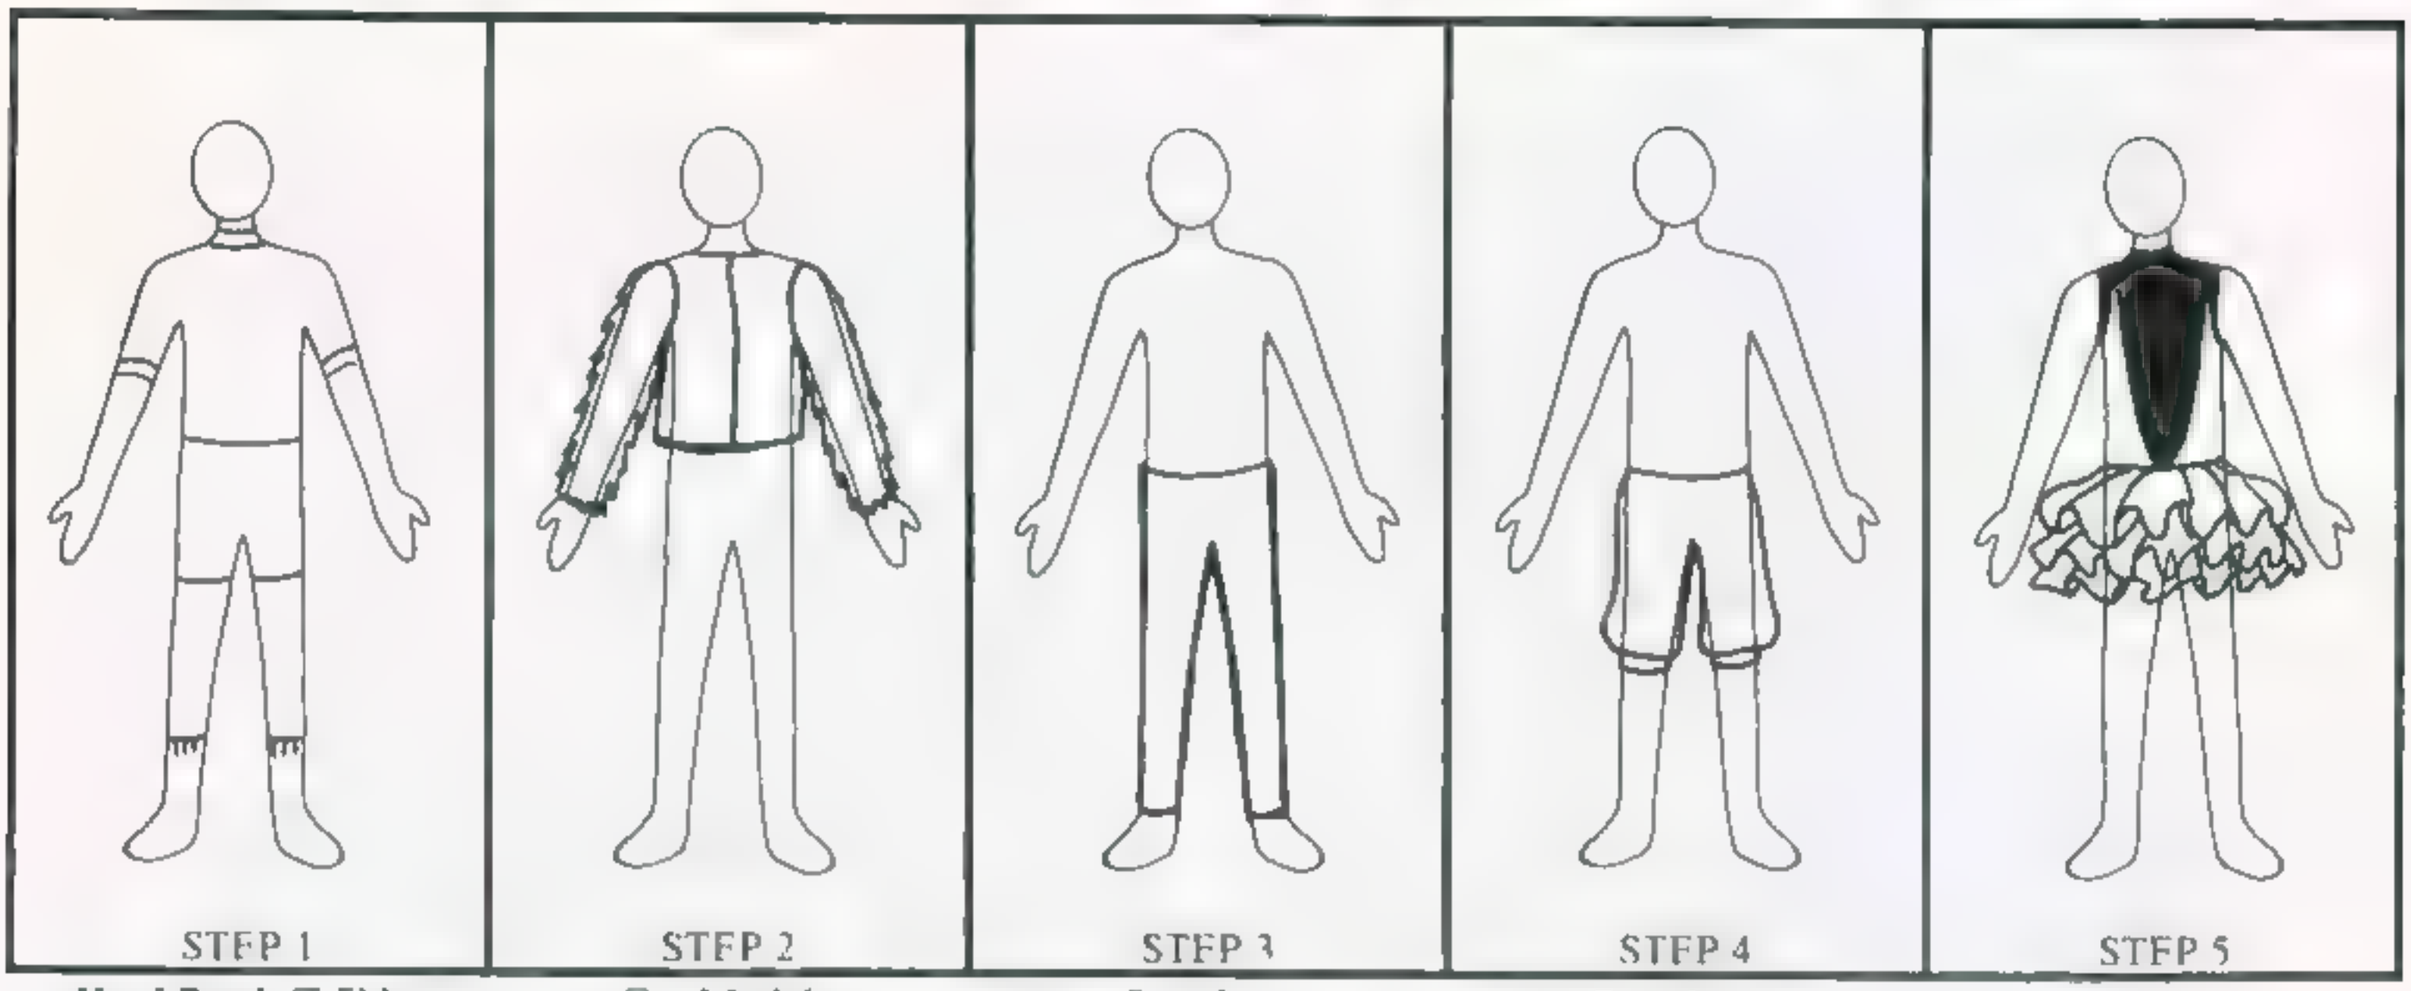
FUR

The Chuck Wear Line is designed for comfort and flexibility. The basic garment needed for this line is called a fur module and comes in two (2) pieces.



As you can see from the drawing, the majority of body fur has been eliminated and replaced with a breathable, cooler mesh. The instructions in this section will let you know what module pieces are required for each outfit. Once modules are added to your costume wardrobe, additional apparel options may be added by acquiring various seasonal outfits that may be offered throughout the year.

A CHICKEN WITH A TOUCH OF HAM -



STEP 1

Head Band, T-Shirt
Shorts, Athletic Shoes,
or thick cotton socks
Tie Hair up if necessary

STEP 2

Fur Module
Velcro down Front

STEP 3

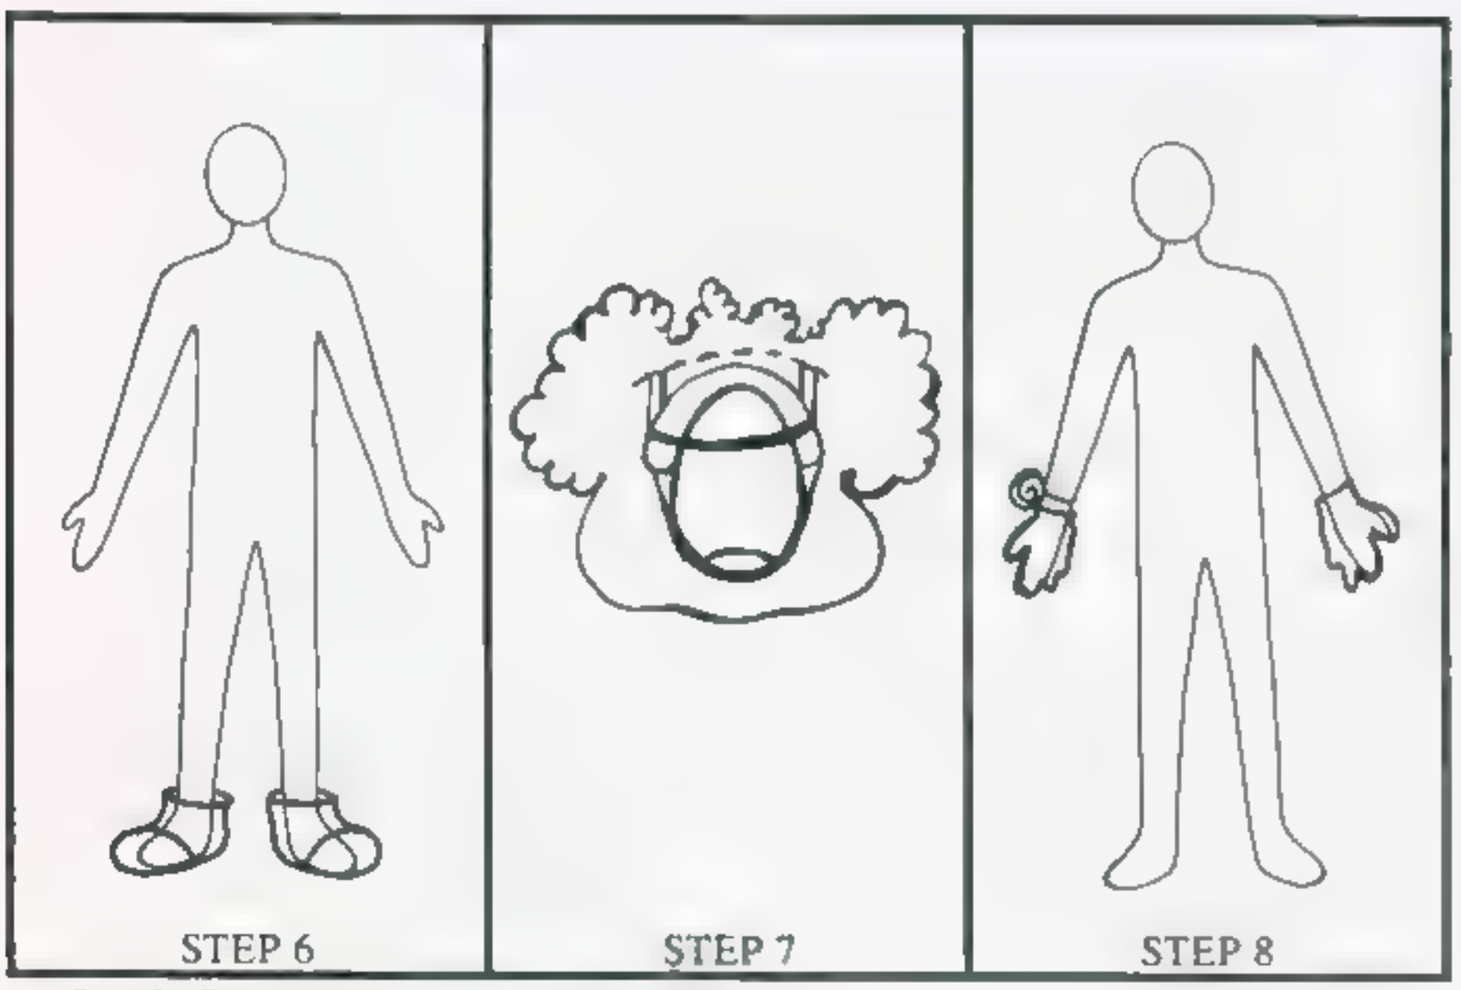
Leggings
Make sure leggings come
ankle so no leg shows

STEP 4

Pantaloons
Wear over Leggings

STEP 5

Dress
Velco in back



STEP 6

Purple Tennis Shoes
Slide foot in, adjust

Velcro straps for fit,
reclose back snaps

STEP 6

Adjust Headgear to your
fit and secure on your
head. See Headgear
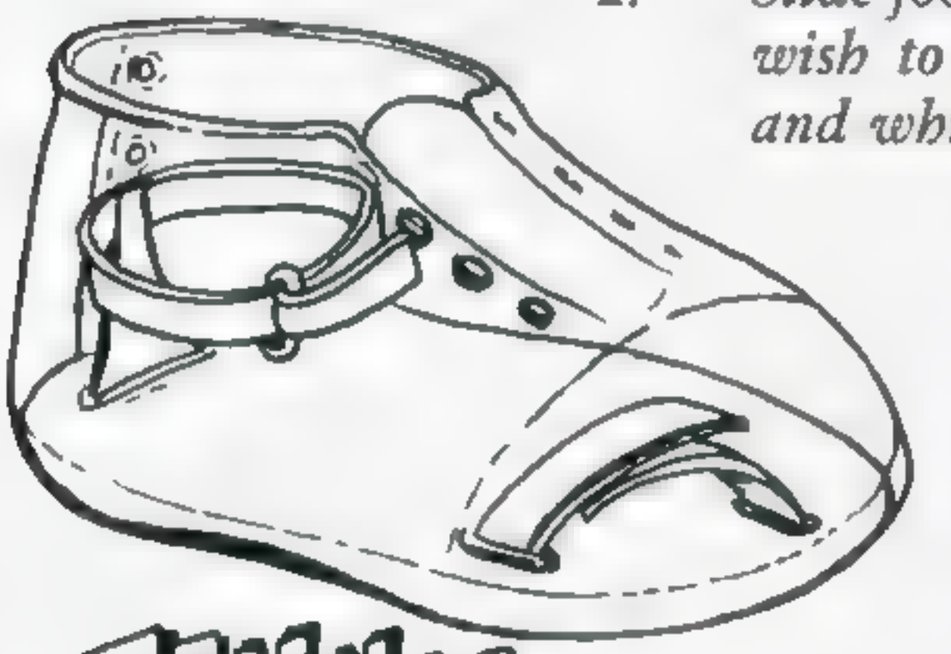
sectopm for details

STEP 7

Plush Hands or
Oven Mitts

FOOT WEAR

1. *Open back of shoe/foot.*



TENNIS SHOES

2. *Slide foot in shoe to get feeling for fit. Decide if you wish to wear athletic shoes vs. thick cotton socks and which gives you the most comfort and control.*

3. *Adjust toe strap to your fit.*

4. *Wrap velcro around ankle and thread loose end through metal loop; attach excess loop (soft) velcro to hook (hard) velcro.*

5. *Make sure shoes are laced. Chuck & Company patch should be worn to the out side.*

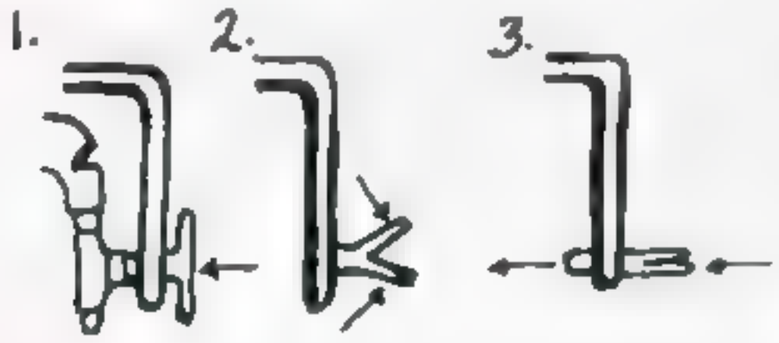
6. *Put on a smile, you're ready to go!*

CHUCK E. FUR FEET

HERE'S HOW TO KEEP YOUR HEAD ON STRAIGHT

REMOVING THE HELMET

A. *The helmet is adjusted easier when removed from the head. Press the middle of the toggle anchor inward and bring the sides together as shown. Push the anchor through the hole in the aluminum frame. Do this for both sides. Lift the helmet from the head. Now you may adjust the helment to your specific size.*



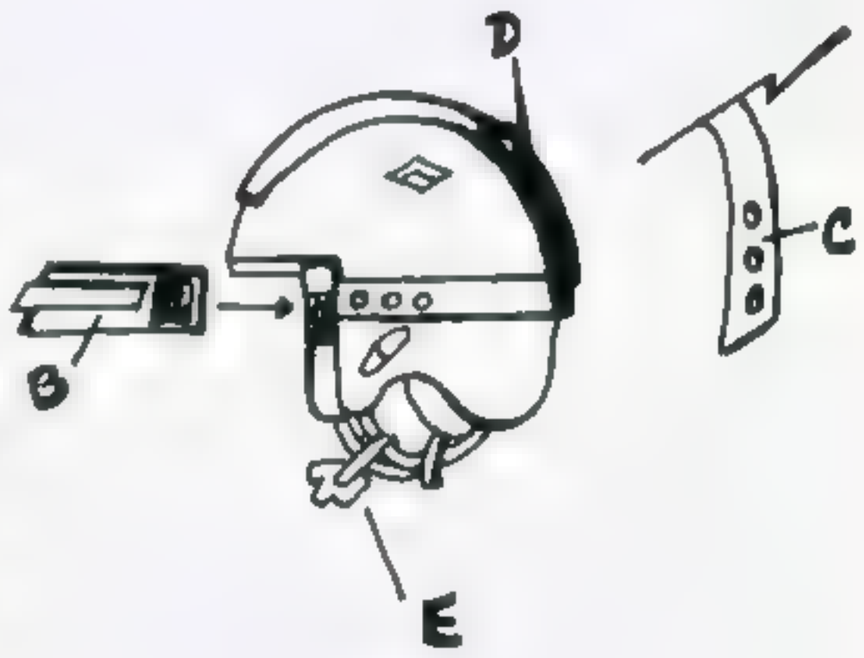
ADJUSTING THE HELMET SIZE

B. *The black visor is attached to the helmet with velcro, allowing it to be adjusted in or out to fit the width of each person's head. The visor should fit snug against the forehead.*

ADJUSTING FOR PROPER VISION

C. *The toggle anchors may be placed back into any of the holes of the aluminum bar head frame. This adjusts the height of the helmet within the character head. For maximum wearer vision by the wearer.*

D. *There is a velcro strip in the back of the character head and helment allowing the helmet to remain in a be tilted position. This adjustment effects vision and weight balance of the character head for each individual.*



ADJUSTING THE CHINSTRAP

E. *The rubber chinstrap should be a snug fit. Chinstrap length may be adjusted by pushing one end of the rubber strap through the adjuster and pulling it through the other side. Please adjust each side equally so the cup centers the helmet and fits comfortably. Once the length of the chinstrap is adjusted, wrap the end of the chinstrap through the grip from the inside out. Then snap the adjuster to the cup. The elastic neckstrap is adjusted in the same manner and adds an extra securing measure.*

COSTUME ROOM ORGANIZATION

1. <u>*Full Length Mirror*</u> - *It is to your advantage if the room has a full length mirror installed; that way you may thoroughly check the costume before you perform.*

2. <u>*Keep Room Clean and Odor Free*</u> - *Cleanliness is most important. Not only should the room be kept clean, it should smell clean. This will keep the costume from getting soiled and will also make it more desirable to wear.*

3. <u>*Dressing Room Lights*</u> - *There should be adequate lighting so that costumes may be checked for damage and spots.*

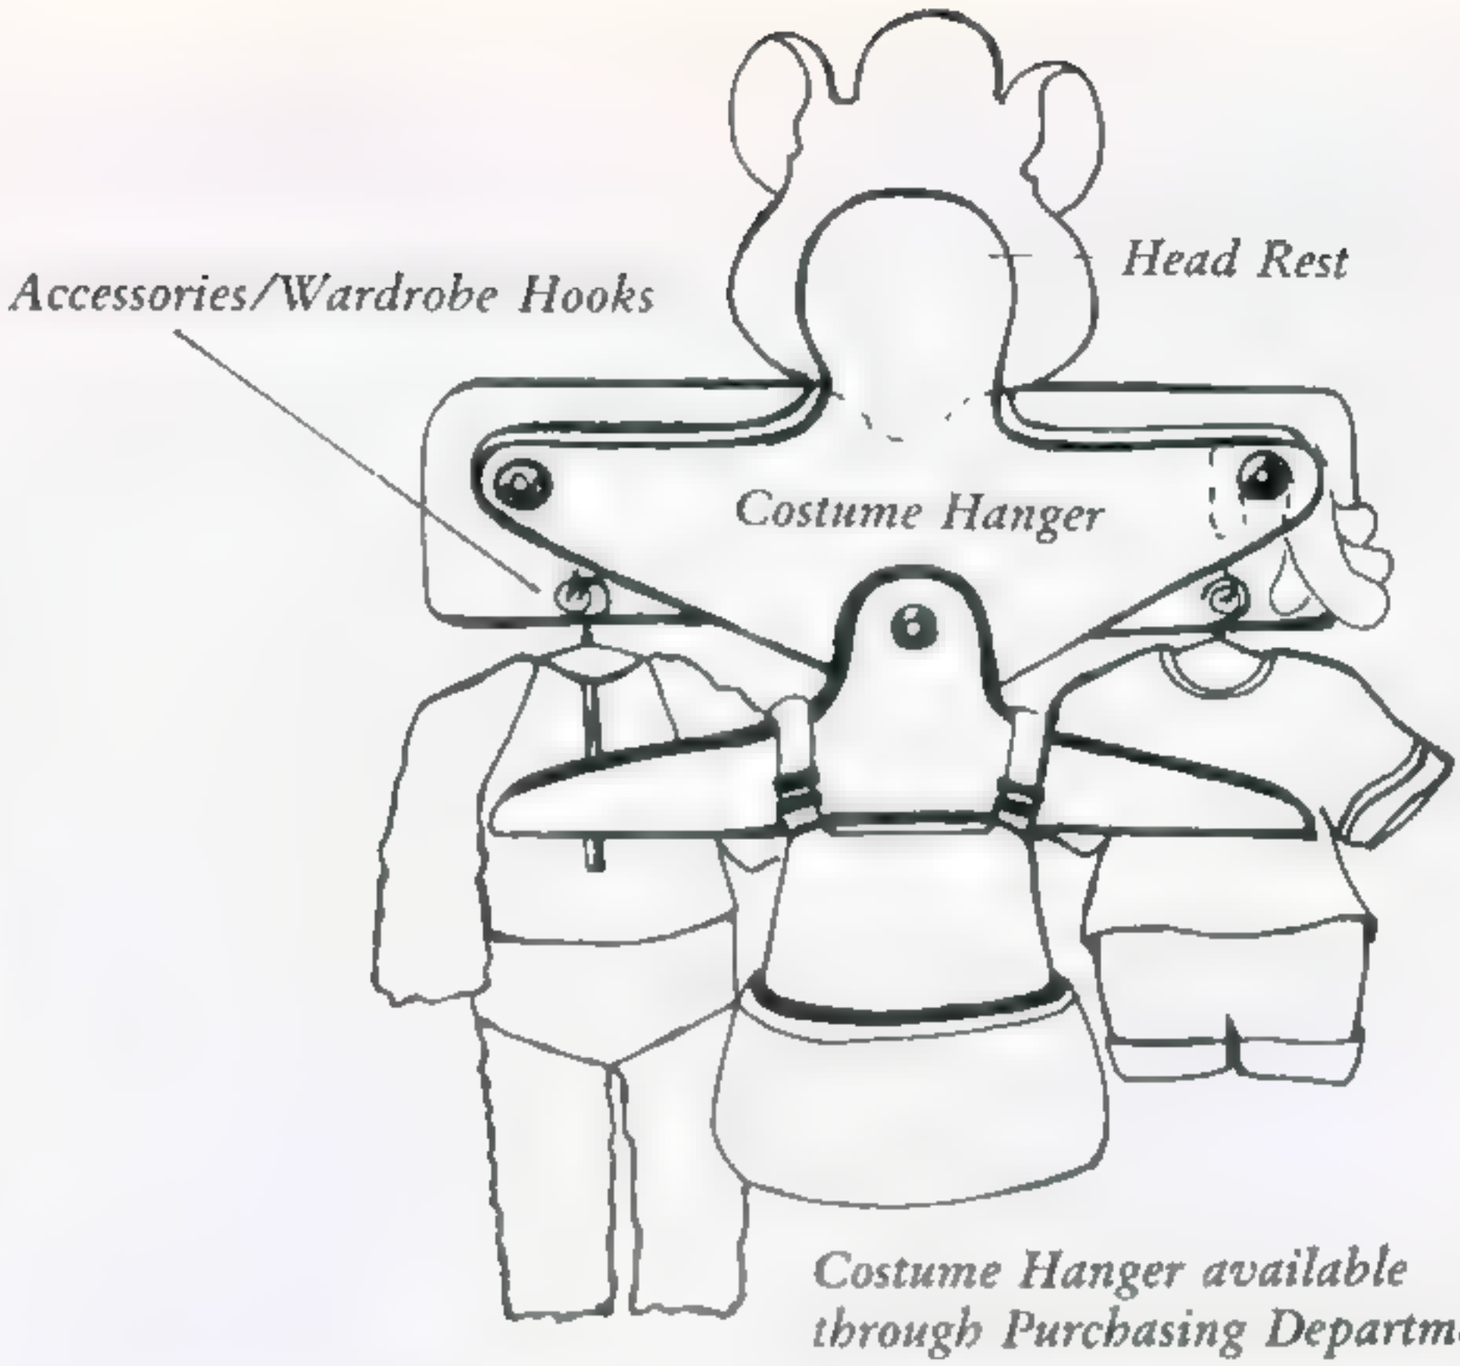
4. <u>*Costume Rack and Shelving for all Costume Parts*</u> - *To keep the costumes soil and wrinkle free as possible, special costume hangers are recommended. These hangers are available through Purchasing.*

5. <u>*Costume Care Kit*</u> - *The costume care kit is filled with essential items which will help in repair and maintenance of your costumes. It hangs neatly on back of door to save space. Keep stocked at all times. Refer to price list for cost of each item.*

6. <u>*Chair*</u> - *For convenience when putting on and taking off costume.*

COSTUME CARE KIT I
(Discontinued)

1. *Care Instructions*
2. *Care Instructions*
3. *Sewing Kit*
4. *E6000*
5. *Cleaner*
6. *Fresh Again*
7. *Fur Scraps*
8. *Empty - for your own use*
9. *Brush*



Costume Hanger available through Purchasing Department

COSTUME CARE KIT II
(Upgraded)

Kit Contents:
Silkscreened behind clear pockets

COSTUME PREVENTATIVE MAINTENANCE

AFTER EACH PERFORMANCE:

- *Wash inside of shoes or feet with soap and water then spray with Fresh Again Shoes.*
- *Spray costume fabric/fur with Fresh Again Costumes.*
- *Allow to air dry.*
- *Inspect costume for damage; repair if necessary.*
- *Store properly.*

DAILY:

- *Clean face of heads with "SSS" Cleaner and damp, soft cloth.*
- *Brush fur parts*
- *Clean shoes and toes of fur feet with SSS and damp, soft cloth to remove any scuff marks.*
- *Remove lint from fabric with Lint Roller.*
- *Spot clean stains.*

WEEKLY:

- *Wash or dry clean fabric, fur and fat suits (refer to specific fabric instruction on following pages).*
- *Reorder/stock Costume Care Kit if necessary.*

MONTHLY:

- *Clean fur portions of head. Spray with light application of Woolite Carpet/Upholstery cleaner on head fur, let dry then brush out. Use damp sponge (cold water) to remove any residue, let dry then brush again.*

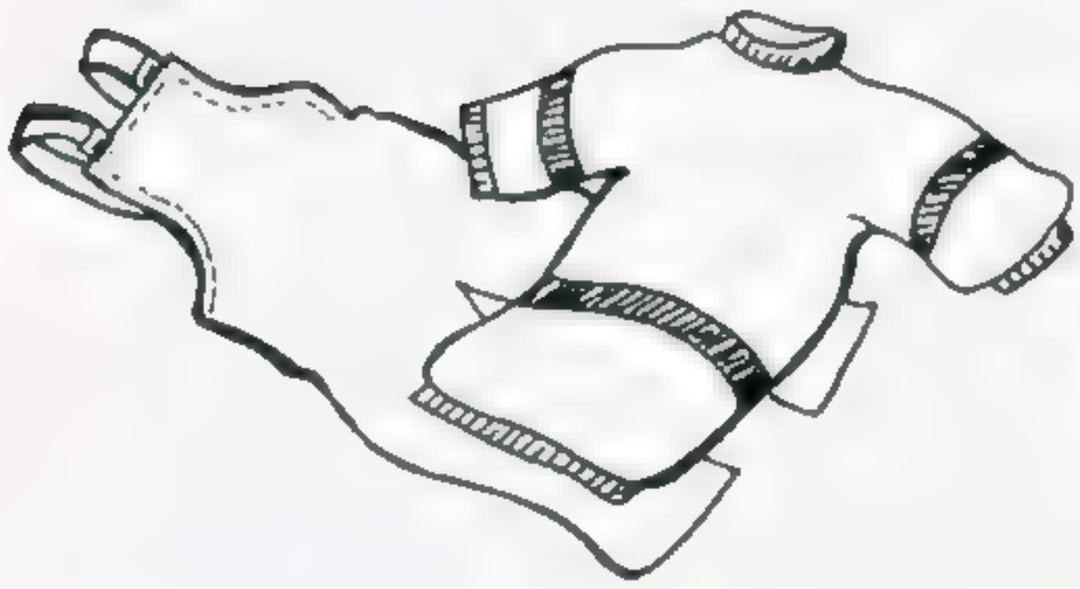
CARE AND MAINTENANCE

When handling or storing costumes, please be especially careful to keep knit costume parts separate from hook (hard) velcro to avoid snagging.

HEAD

Store head on a costume rack when not in use. If no costume rack is available, place head on a padded shelf (pad shelf with foam). Heads should be carried by the bottom rim.

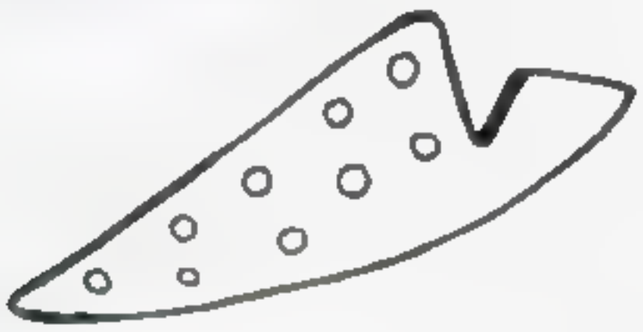
Faces and inside of head can be cleaned with SSS cleaner. For best results spray the cleaner on a soft cloth then wipe the surface. Avoid the eyes, nose and mouth screen.



Fur can be spot cleaned with SSS cleaner. Spray the fur then immediately wipe with a clean, dry cloth. Let dry then brush the fur.

Helen hair (turkey boa) is too delicate to be cleaned, but is replaceable (see diagram (I) of this section.

LIGHTED LAPELS



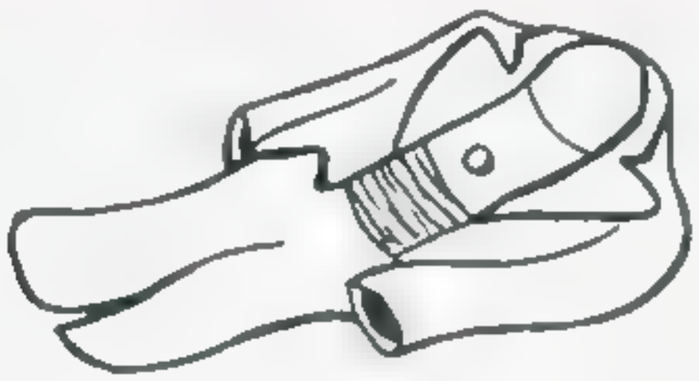
Spray with "SSS" cleaner; wipe/buff dry.

HAT REPLACEMENT

See Diagrams II, III, and IV, V

FUR HANDS, FUR BODY, FUR MODULES	*Machine wash on gentle cycle using detergent and cold water. Air dry. You may want to alternate dry cleaning vs. machine washing periodically to prolong costume life. Brush when dry. You may want to ask your dry cleaner to use a conditioning agent to make the longer shag easier to comb out. Brush all fur parts periodically to keep them looking their best.*
CHRISTMAS SHIRT, SPORTSHIRT, SPORTSHORTS, JASPER SHIRT, JASPER OVERALLS, PASQUALLY SHIRT, PASQUALLY PANT AND APRON, HELEN LEGGINGS, HELEN BLOOMERS MUNCH OUTFIT	*Machine wash separate in detergent and cold water. Air dry halfway then tumble dry on low heat to prevent wrinkles. Iron ON BACK SIDE OF MATERIAL if necessary. May be dry cleaned also. DO NOT WASH WITH HOOK (HARD) VELCRO OR SNAGGING WILL OCCUR*
HELEN DRESS - LAME	*Must be dry cleaned.*
HELEN DRESS - SEQUINS	*Hand wash with Woolite, air dry.*
FEET	*Spray with Lysol or Fresh Again after each use. Fur can be cleaned with SSS cleaner. Spray the fur then immediately wipe with a clean, dry cloth. Let dry then brush the fur.* *Clean toes with SSS. Spray the surface then wipe with a soft cloth. Use a wire brush to remove excess fur build up in the velcro.*

CEC TUXEDO JACKET AND PANTS



Dry Clean Only. Remove lighted lapels before dry cleaning occurs.

TENNIS SHOES, CEC DERBY, CEC TUXEDO-VINYL SHIRT PIECE

Clean with SSS cleaner. Spray the surface, then wipe with a soft cloth. Periodically apply a vinyl protectant such as Armor All. VINYL WILL TURN HARD IF DRY CLEANED.

FAT SUIT

Remove pvc hoops and machine wash on gentle cycle using cold water.

Foam should be allowed to air out after each use and should also at that time be sprayed with Lysol or Fresh Again.

MUNCH TIE

Clean with soap and water. Keep glossy with applications of vinyl protection oil such as Clearguard or Armor All.

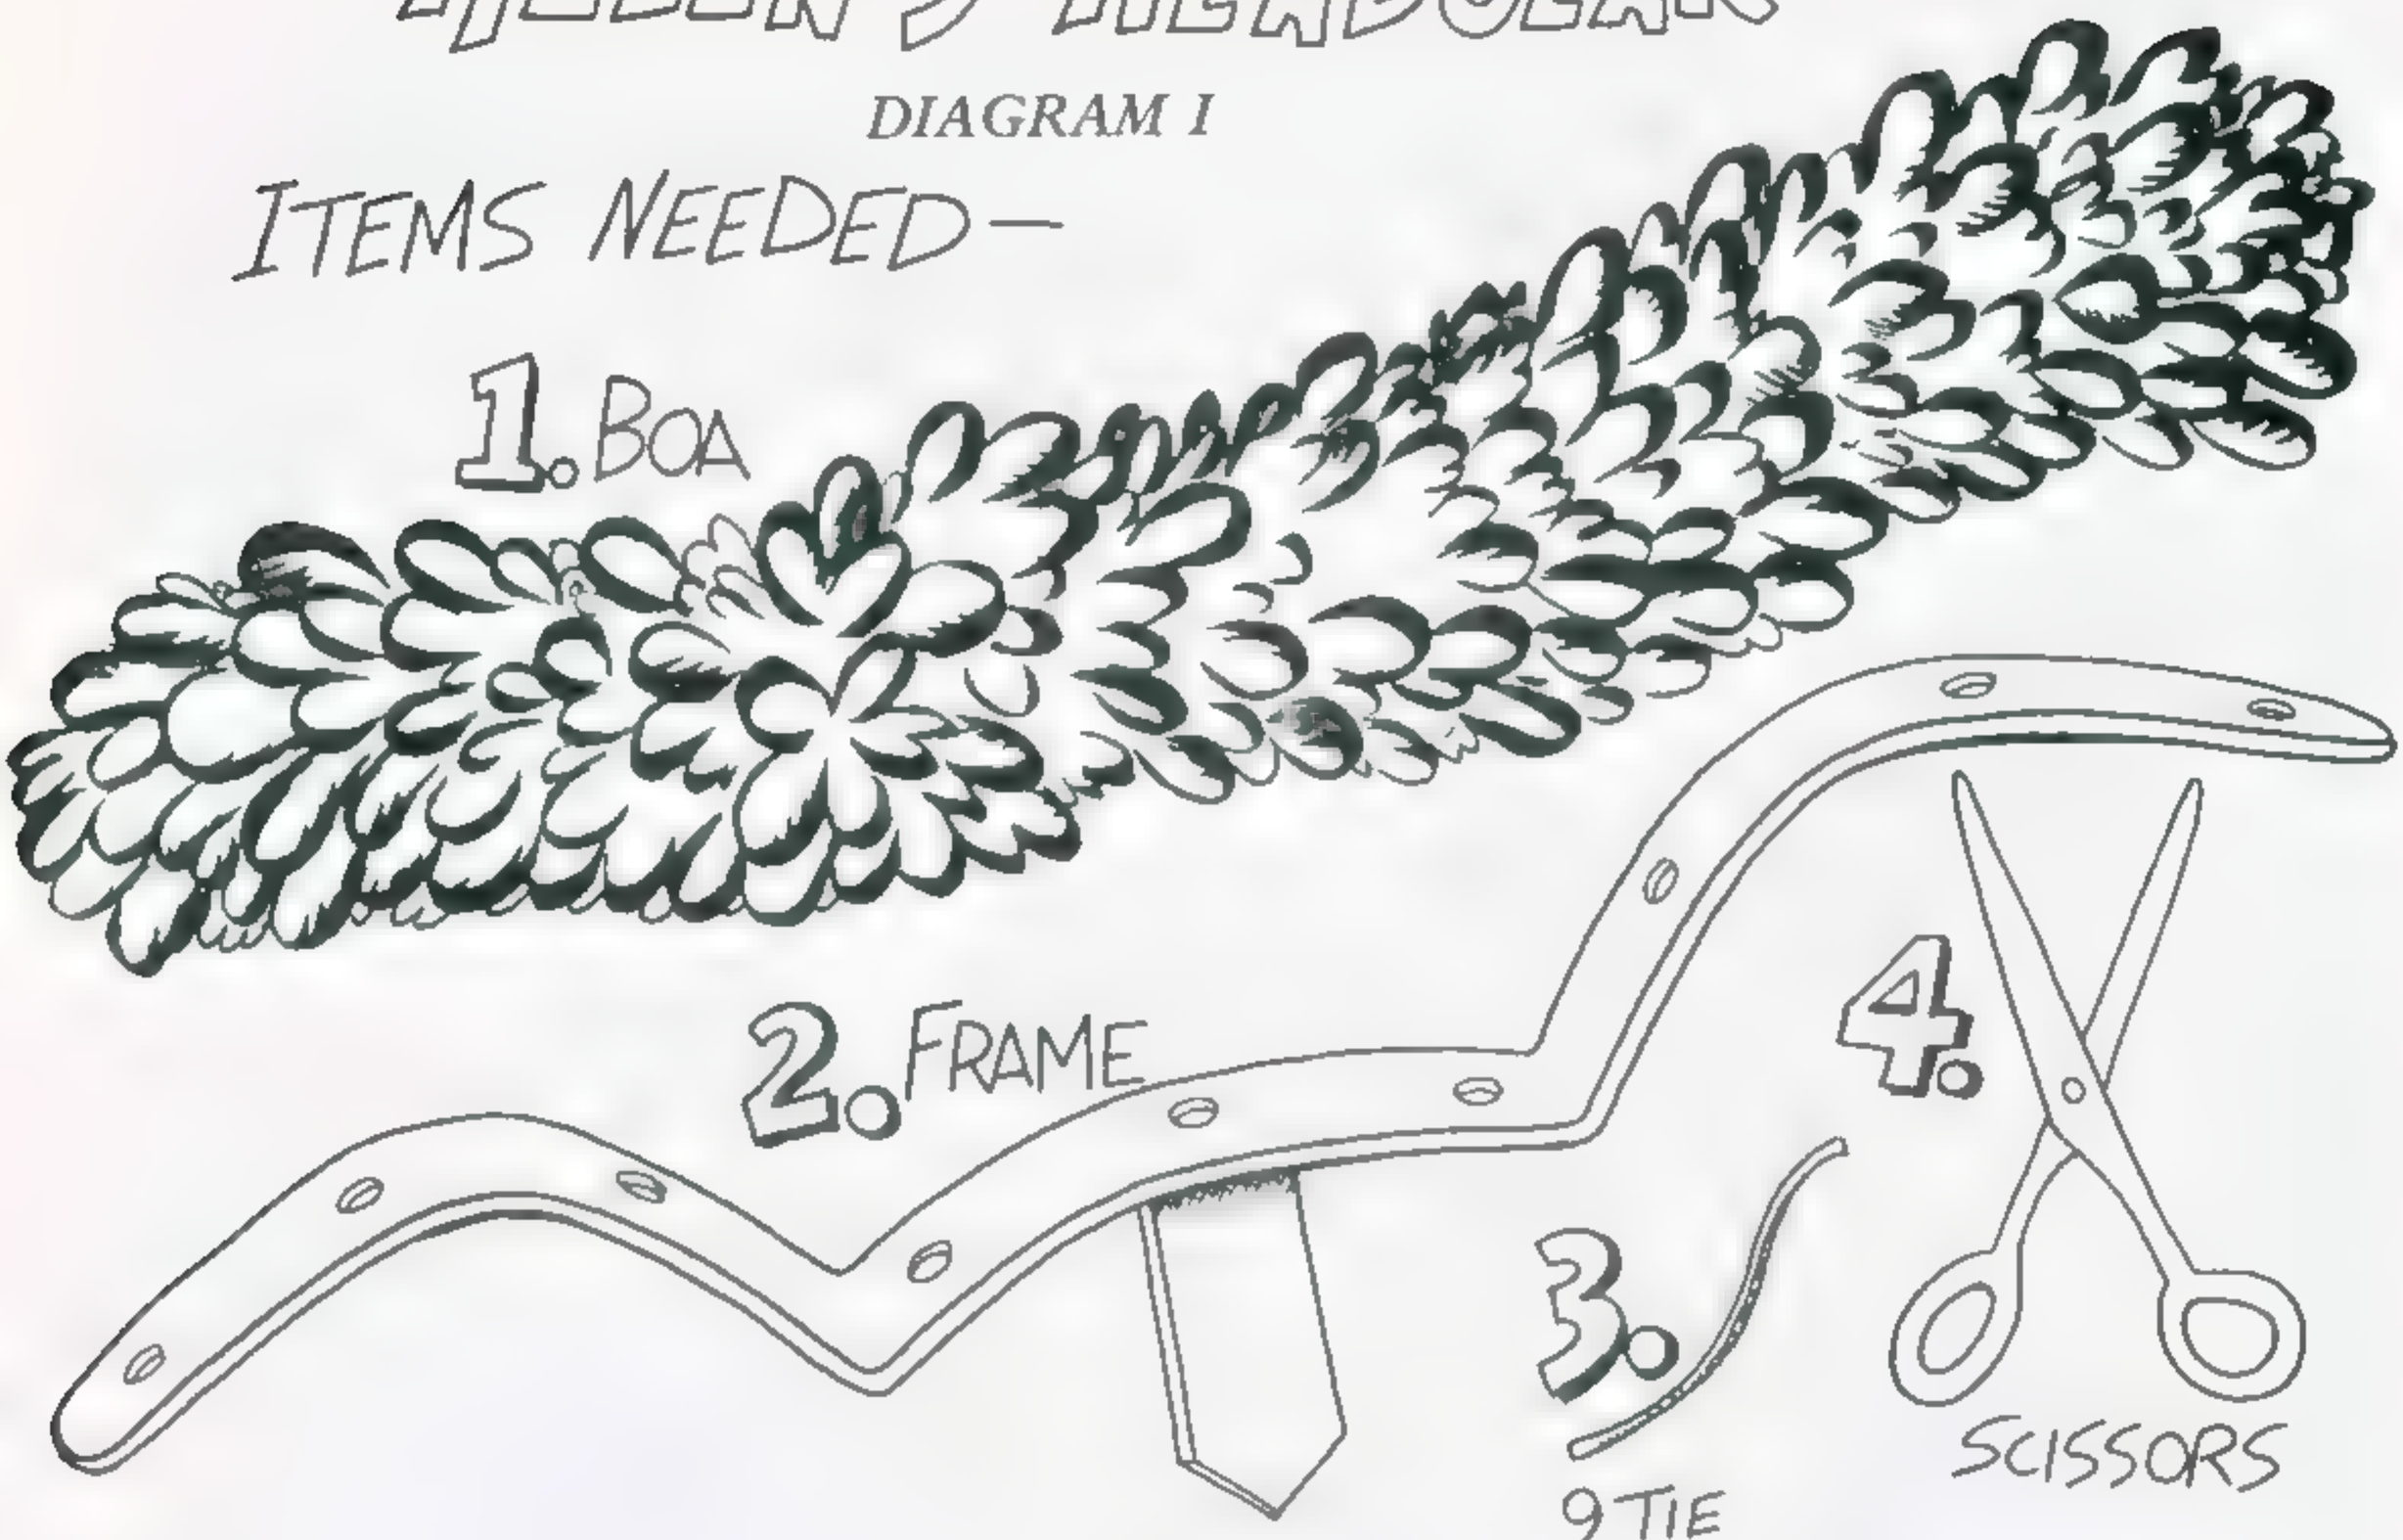
THERMAL BODY VEST

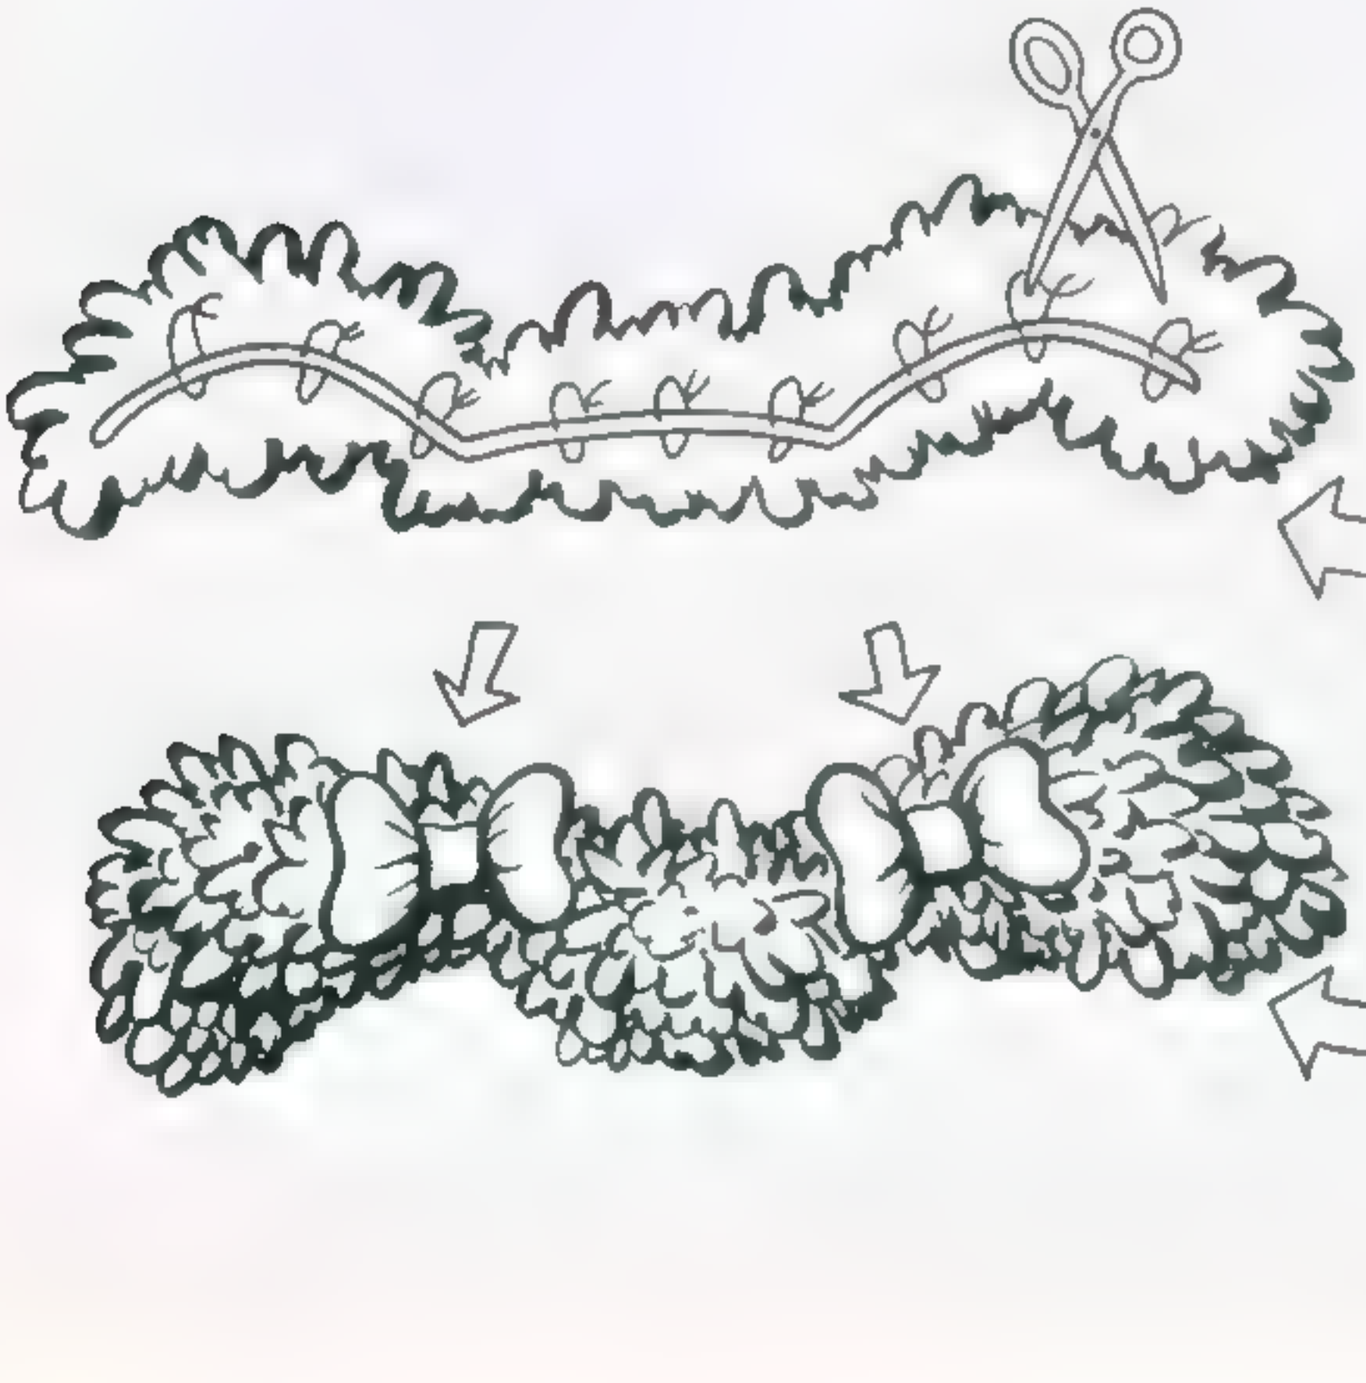
Clean/wipe down with SSS.

HELEN'S HEADGEAR

DIAGRAM I

ITEMS NEEDED—





DIRECTIONS:

1. *Center Boa on frame*
2. *Tie wrap Boa through the predrilled holes. You will not need to remove frame.*
3. *Velcro hair bows on halfway up frame to curve.*

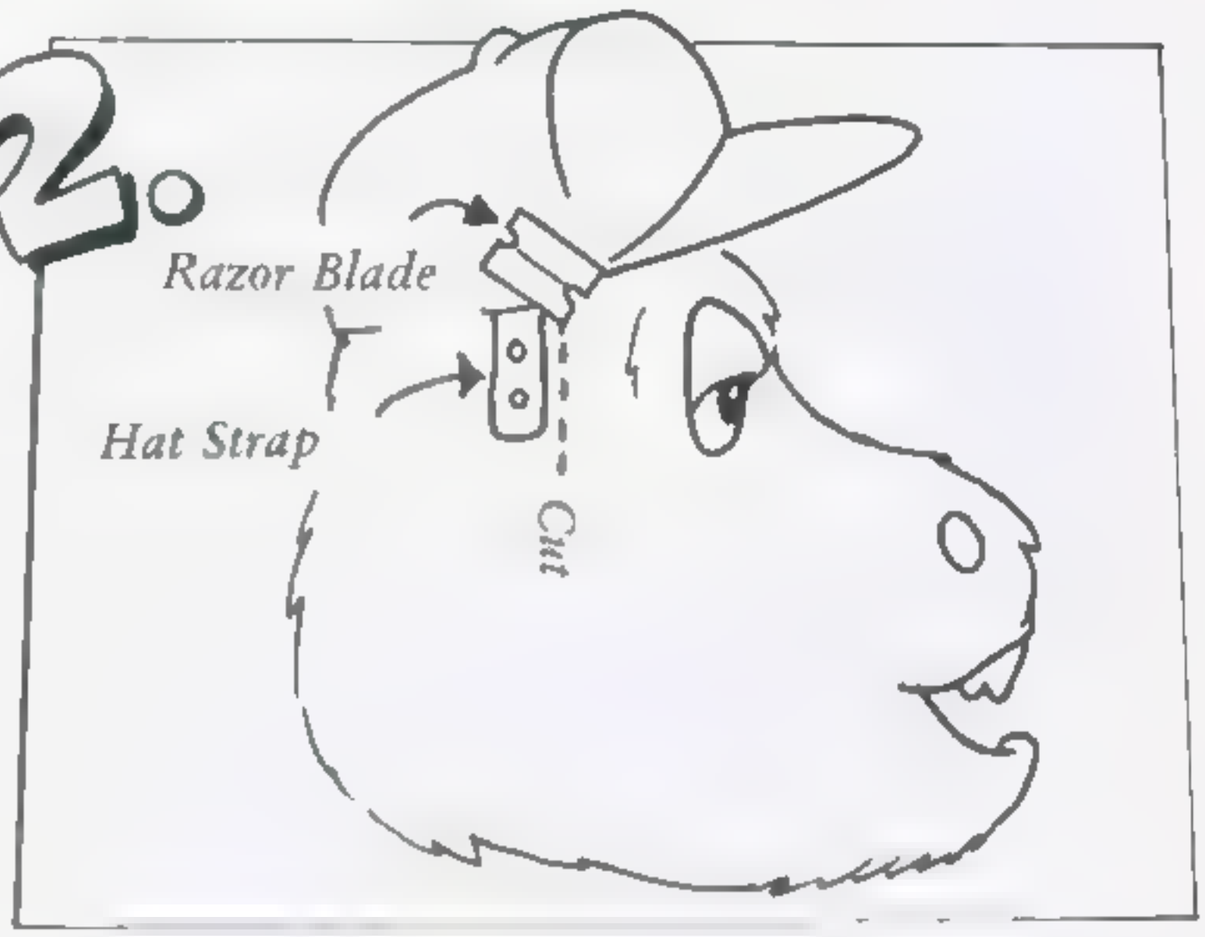
MUNCH HAT REPLACEMENT

DIAGRAM II

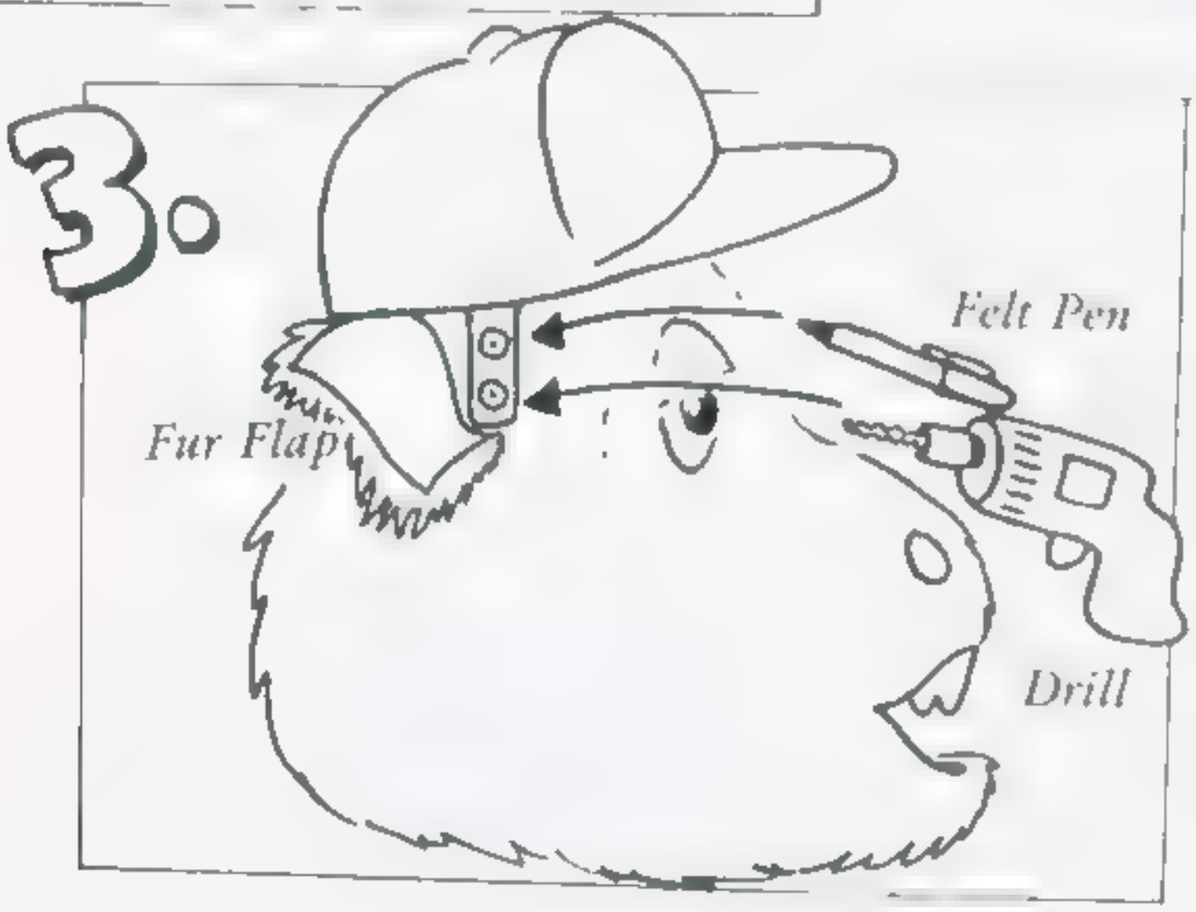
1.

Place hat on center of head

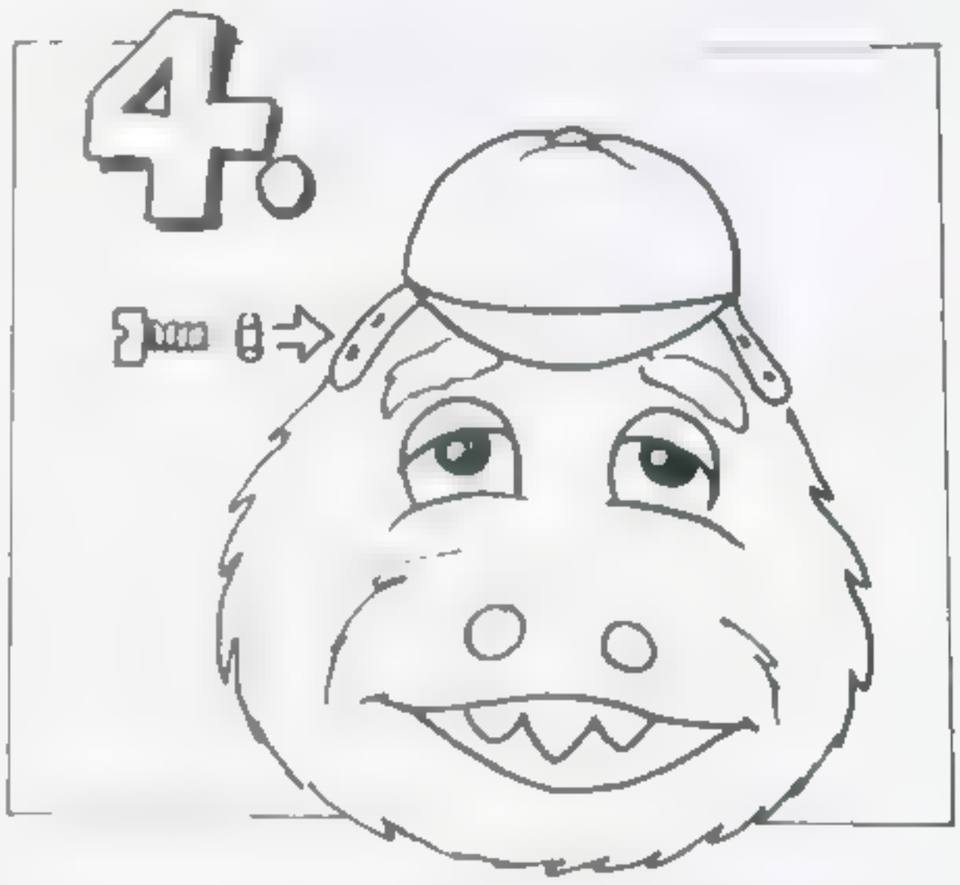
2.



3.



4.



5.

INSTRUCTIONS:

#1 With front of face towards you, center hat on head

#2 While holding hat firmly on head, cut through fur down to plastic with razor blade as show. Avoid side seam.

#3 Lift fur away from head and insert hat straps. Mark pilot holes with felt pen then drill out holes on plastic. Repeat on other side.

Pricing subject to change

COSTUME HEAD REFURBING PROCEDURES

Notify parts of the date you will be sending in a head (please specify) for refurb.

Once head is received in parts and evaluated, you will be shipped an advanced replacement which has already been refurbed and that will become part of your costume wardrobe.

Cost of the advanced replacement will be based on refurbishment of the head you sent into parts.

Refurbishing priced on an individual basis and subject to approval by the Corporate Office
If damage to the head you send in is beyond repair, your location will be sent a new one at the new head price.

August 1, 1993

SHOWBIZ Pizza Time, Inc.

Announcing the grand opening of ShowBiz Costume Parts Department here at the Corporate Office.

The past several months have been spent researching, designing and gathering information for successful character performances. You will notice design innovations incorporated for upgrade of current items and future expansion possibilities for your costume inventory. Fun new fabrics and accessories have been chosen for their magic enhancement and a cooling system developed for those performances that really ***sizzle.***

So take a look at the latest and give us a call. We're ready and waiting for your calls and orders to keep Chuck and Company looking their best!

Sincerely,

Costume/Wardrobe Department

We are here to
puuump... you up!

WHERE A KID CAN BE A KID!
